

## Product Highlights

### High Performance

Enjoy superior dual-band N wireless performance which avoids interference and maximizes throughput for faster video streaming, file transfers, and gaming

### Complete Connectivity

Upgrade to 802.11n technology while staying compatible with 802.11g

### Simplicity Itself

Set up your Adapter in a few quick steps with a simple Setup Wizard which installs your adapter quickly and makes going wireless easy

## DWA-160

# Xtreme N Dual Band USB Adapter

## Features

### Connectivity

- Improved speed and range over standard Wireless N adapters
- Dual Band™ technology enables HD video streaming, file sharing, enhanced Internet phone calling (VoIP), and web surfing
- Access a secure wireless network using advanced WPA™ or WPA2™ encryption
- Backward compatible with 802.11g devices including game consoles and digital media players

### Secure

- Easy to install and use with the D-Link Setup Wizard and Wi-Fi® Protected Setup (WPS)

Use the D-Link DWA-160 Xtreme N Dual Band USB Adapter to connect to a hotspot or an 802.11n dual band router to enjoy a reliable wireless connection that can handle High-Definition (HD) video streaming. The Xtreme N Dual Band USB Adapter connects your computer to a high-speed wireless network and provides a fast wireless connection with superior reception. Once connected, you can access your network's high-speed Internet connection while also getting secure access to shared photos, files, music, video, printers, and storage.

## Mediaband Technology

Dual-band technology transmits regular Internet traffic over the 2.4 GHz wireless band and transmits high-bandwidth multimedia traffic over the 5 GHz band. This allows you to browse the Internet and download files while smoothly streaming HD movies at the same time without interference.

## Better Speeds, Better Coverage

The Xtreme N Dual Band USB Adapter connects to your wireless network with faster speeds and from farther distances. With six times the range and fourteen times the speed<sup>1</sup>, you can enjoy faster and more reliable connections throughout your home.

## Easy To Set Up, Easy To Use

D-Link's Setup Wizard guides you step-by-step through the installation process to get you connected to your wireless network quickly and easily, even if you have little to no networking experience. The D-Link Wireless Manager is also included with this product to keep track of your most frequently accessed networks.

With unmatched wireless performance, reception, and security, the D-Link Xtreme N Dual Band USB Adapter is the best choice for easily adding high-speed wireless connectivity to your PC.

# DWA-160 Xtreme N Dual Band USB Adapter

## Technical Specifications

### General

OS Support	• Microsoft Windows XP SP3, Vista, or 7
------------	---

### Physical and Environmental

Diagnostic LED	• Link/Activity
----------------	-----------------

Dimensions	• 89 x 28 x 13 mm (3.5 x 1.1 x 0.51 inches)
------------	---

Weight	• 45.36 grams (0.1 lbs)
--------	-------------------------

Temperature	• Operating: 0 to 40 °C (32 to 104 °F)	• Storage: -20 to 65 °C (-4 to 149 °F)
-------------	--	--

Humidity	• Operating: 0% to 90% non-condensing	• Storage: 5% to 95% non-condensing
----------	---------------------------------------	-------------------------------------

Certifications	• CE • FCC • C-Tick	• IC • Wi-Fi Certified
----------------	---------------------------	---------------------------

### Standard

Compliant Standard	• IEEE 802.11a • IEEE 802.11g	• IEEE 802.11n
--------------------	----------------------------------	----------------

### Order Information

<i>Part Number</i>	<i>Description</i>
DWA-160	Xtreme N Dual Band USB Adapter

<sup>1</sup> Actual data throughput will vary. Network conditions and environment factors, including volume of network traffic and network overhead, lower actual data throughput rate.
