

## Features and Benefits

● **True 352 X 288 Resolution**

The DSB-C110 s CMOS sensor delivers 352 X 288 resolution with 24 bit RGB true color for quality video and image capture.

● **Compatible with Microsoft<sup>®</sup> NetMeeting**

The DSB-C110 is compatible with Microsoft<sup>®</sup> NetMeeting, enabling one-on-one video conferencing with your family and friends.

● **Add Video Messages to Your Email**

The DSB-C110 makes it really easy to record video clips with the bundled Arcsoft<sup>™</sup> software. Simply record your video clip, save, and send it as an email attachment.

● **Complete Photo and Video Editing Software Included**

The DSB-C110 comes bundled with Arcsoft PhotoImpression<sup>™</sup> and VideoImpression<sup>™</sup> Editing Software for creating and editing your video clips and digital photos. Create movies, add video to presentations, design greeting cards, calendars, and more!

● **30fps Refresh Rate**

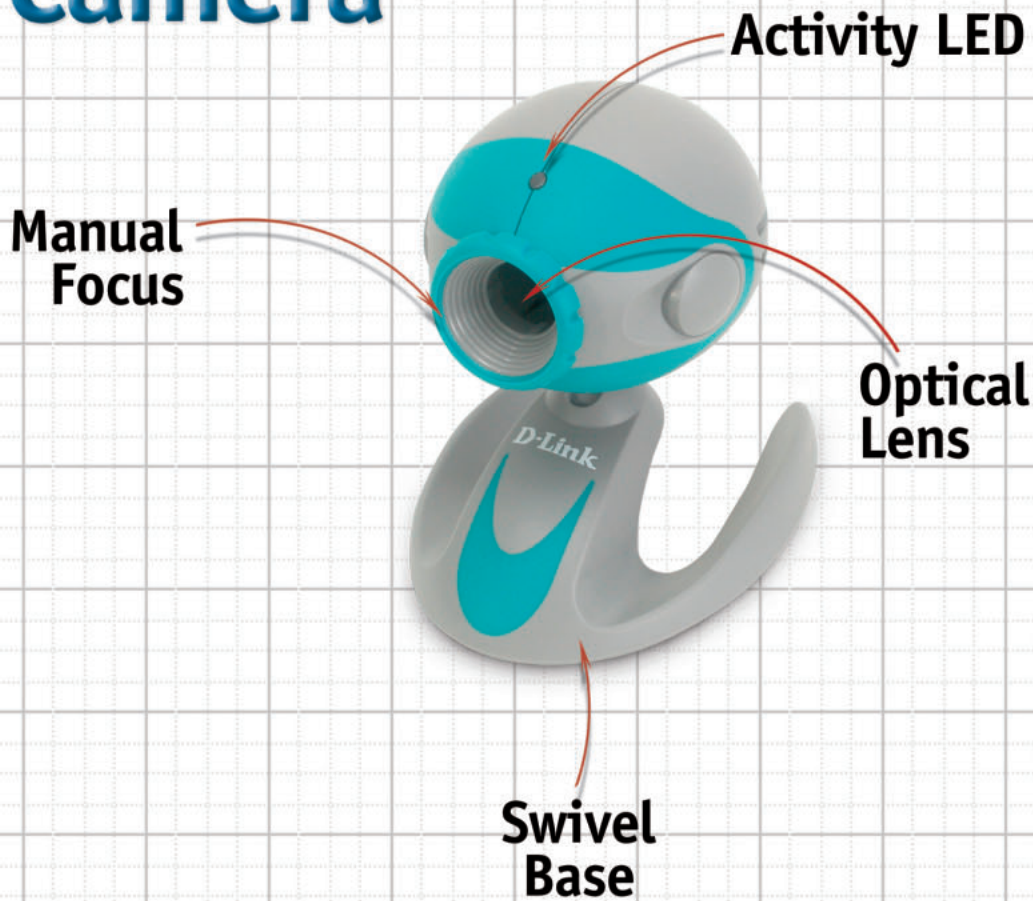

Enjoy seamless video capture and playback with the DSB-C110. With a refresh rate of up to 30 frames per second, the DSB-C110 delivers smooth and realistic video clips.
