DEM-S2801SR

25GBase-SR Multi-mode OM3 (70 m) / OM4 (100 m) SFP28 Transceiver

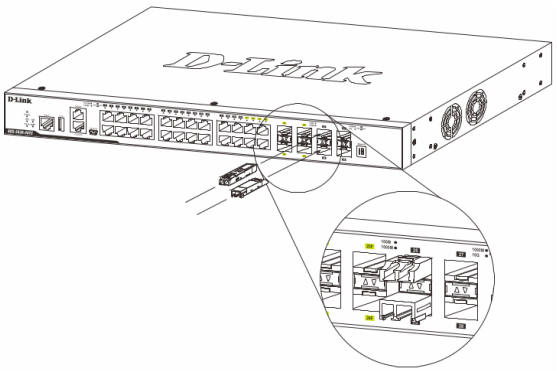
Трансивер SFP28 с 1 портом 25GBase-SR для многомодового оптического кабеля OM3 (до 70 м) / OM4 (до 100 м)

Quick Installation Guide

Краткое руководство по установке

Connecting the transceiver

Plug the DEM-S2801SR transceiver into the SFP28 port of your switch. Connect a fiber cable to the DEM-S2801SR transceiver in order to connect your switch to fiber media.



The DEM-S2801SR transceiver is hot pluggable. You can connect the transceiver while the system is powered on without causing any issues, and easily plug or unplug the transceiver without interrupting the network operation.
