

4-Port Slim-Sized USB 1.1 Hub

Cost-Effectively Connecting Your USB Devices

The DU-H4S 4-Port USB mini hub is a beautifully designed device with a sleek, slim polished metal housing encased in transparent plastic case. Designed especially for PC and Mac laptop users, this device provides a simple, cost-effective USB 1.1 solution for your USB peripheral connection. Through an attached USB cable, which can be neatly placed inside a built-in compartment, this USB hub conveniently connects your digital cameras, printers and other devices to your computer.

Expanding Your PC or iMac

The USB connection technology enables many interactive multi-media applications such as audio/video peripheral and collaborative computing. Designed especially for notebook and laptop users, this sleek 4-port USB mini hub allows you to hook up to 4 USB peripherals and USB-ready devices to your computer. This hub provides an out-of-the-box industry-standard USB bus for PC and iMac users to expand the number of USB ports available on their systems.

Seamless Connections

The DU-H4S is designed to provide quick and easy access to the 4 Type A downstream ports for connecting peripherals with USB support, other USB hubs and devices. A USB cable with Type A upstream port is

provided for connecting to the host computer, or to another USB hub. Configured directly by the operating system, the DU-H4S operates seamlessly with both Microsoft's Open HCI and Intel's Universal HCI.

Low and Full Speeds Support

The DU-H4S supports both low-speed 1.5 Mbps devices and high-speed 12 Mbps devices, with each port creating a bridge between the peripheral and the host computer.

No External Power Adapter Required

Power for the DU-H4S is provided directly from the USB bus for connection of up to 4 USB peripherals devices. You do not need any external power adapter to connect the hub to an external power source.

Key Features

- USB 1.1 standard
- 4 Type A ports to connect to 4 USB devices
- Attached USB cable with Type A port to connect to computer or another USB hub
- Beautiful slim metal plastic case with built-in compartment for USB cable placement
- Mini pocket-sized, very lightweight
- No external power adapter required
- Easily fit into pocket or carrying case, or can be attached to briefcase through a string

DU-H4S

Technical Specifications

USB 1.1 Hub

Standards

- USB Specification version 1.1
- OHCI
- UHCI

Supplied Current

4 ports support total 500mA from downstream port of USB host or upper level hub

Number of Ports

- 1 upstream USB port (USB Type A cable)
- 4 downstream USB ports (USB Type A connector)

Wiring Topology

Tiered Star

Connectivity Rules

- 5 cascaded hubs maximum
- 5 m maximum between each hub
- Up to 127 devices

Physical & Environmental

Dimensions

120 mm x 32 mm x 10.5 mm (device only)

Weight

32 grams (device only)

O.S. Support

- Windows 98, 98SE, ME, 2000, XP
- MacOS 8.9 and above

EMI Certifications

- FCC Class B
- CE Class B
- C-Tick
